**MUSIC INCREASES EGG
PRODUCTION ON
OHIO FARM**

YOUNGSTOWN, O. (AP)—Hens lay eggs to music at the Maplewood Poultry farm near here, and according to Henry M. Gallic, proprietor, their tastes are very high.

Symphonic and organ music increase production, but the hens are not singing enthusiasts.
"We've installed radios throughout our egress," said Gallic, who objects to the word "farm" when applied to his place. "The music seems to soothe the hens and makes them more contented."

The "eggers" is one of the most up-to-date in Ohio.
There is no chicken yard where in the last may scratch and cackle. There is no leisure in the Gallic factory. Hens work a 14-hour day every day. Lights work on promptly at 5 a. m. and off at 7 p. m.
Only the roosters are permitted to run free in the yard.

In Severe L. A. Rains

JUNEAU, Alaska, (AP)—A wind and rain storm threatened to turn into a blizzard today which might result in a mass tragedy for 18 shipwrecked men on the shores of Cape Fairweather, approximately 400 miles south of the Arctic Circle.

Rain sweeping out of the Gulf of Alaska toward towering Mt. Fairweather turned into sleet as coast-guardsmen and others speeded efforts to rescue the men. Temperature was near freezing.

Hovering around beach fires since the famous old trading ship Patterson was washed ashore last Monday, the men flashed signals that many of them needed medical treatment. Some, they said, were unable to walk.

The signals were made by flashlight to the coast guard Haida which had been unable to land a small boat and rescue the men because of pounding surf.

STORM AT L. A.

LOS ANGELES, (AP)—A storm took two lives at sea and drove many residents from their flooded homes in Southern California today.

Hardest hit were the Santa Monica mountains area, denuded by a disastrous brush fire last month, and the San Fernando Valley north of Hollywood where a 5 inch rainfall spread shallow flood waters over lowland districts.

The sea deaths occurred aboard fishing boats in a 45-mile gale.

KILL DEVIL HILL, N. C. — Two hundred airplanes will zoom over the gleaming white pylon atop Kill Devil Hill tomorrow in commemoration of the 35th anniversary of the birth of aviation.

On the sandy, wind-swept island below, off the coastal sounds of Northeastern North Carolina, army, navy and marine corps representatives will lay wreaths upon the base of the Wright monument.

Later at Fort Raleigh on nearby Roanoke Island, they will gather at a luncheon with the old timers of the Banks who still talk about that fantastic day in the mid-winter of 1903 when the incredible Wright brothers sent their flying machine down the slopes of Kill Devil Hill and wobbling miraculously into the air.
Assistant Secretary Charles Edison will represent the navy, H. H. Arnold the army and Admiral W. G. Wallace the coast guard. Also present will be marine corps representatives and a group of state officials.

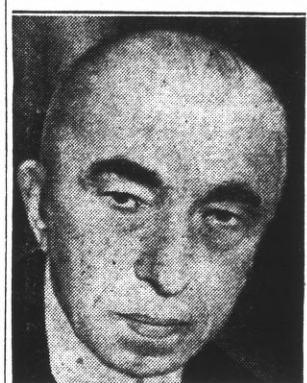

The 35th anniversary celebration is sponsored by the Kill Devil Hill Memorial Association, headed by A. W. Drinkwater, of Maneto, who 35 years ago was the telegraph operator at the isolated island which tapped out to the world the first message that man could fly.

That message, with its sensational news which was to mean so much to America and to civilization, was so startling that at least one newspaper summarily rejected the story and by return wire discharged the correspondent who had sent it.

NEW ORLEANS, (AP)—Continuation of the 1938 agricultural adjustment act and abolition of "discriminatory and punitive taxes" were recommended today by representatives of the 20th annual meeting of the American Farm Bureau Federation.

President Roosevelt was asked to call a meeting of spokesmen for industry, agriculture and labor to find a program to bring economic balance among the groups.

The farmers approved a resolution rapping "extreme present-day practices of certain groups of organized labor to secure unreasonable shortening of hours and increasing of hourly wages."

Another resolution declared that railroads give their best service under private ownership with "reasonable" governmental regulation to assure the public of fair and reasonable rates and adequate service.

Nine directors were re-elected, including George Wilson, Clarksburg, Calif.

**PHILIPPINE GOLD OUTPUT
FOR YEAR TO SET
NEW HIGH MARK**

MANILA, (AP)—The Philippines gold boom has abandoned the stock salesman or Manila's Escorta for the tropical wilderness of the archipelago. The Bureau of Commerce has declared in predicting insular gold production for 1938 again will set a record.

On the basis of production thus far, Philippine gold production for 1938 will exceed \$32,500,000, the bureau estimated today. Production for the first ten months reached \$26,494,000, exceeding the 24,232,700 produced in the entire year 1937, when the Philippines outranked all states and territories for the United States, excepting California.

Many over-optimistic investors who bought gold shares at highly inflated prices during the height of the 1936 stock boom only to see share prices tumble to present low levels now look forward to recovering their investments in dividends. The two dozen producing mines in the islands paid out \$5,164,758 in dividends during the first of 1938. Dividends for the last of the year may be even larger.

WASHINGTON, (AP)—Governor-elect Culbert Olson of California said today he expects to pardon Thomas J. Mooney unless evidence is produced to make him change his mind.

At a press conference here today Olson was asked what he intended to do about Mooney.

"For the answer to that," he replied, "I will tell you that in 1937 in the state senate I supported a resolution for Mooney's pardon by the state legislature."

"I suppose I shall be called upon to consider an application for his pardon. When that time comes, I will give anyone an opportunity to speak who has the right to be heard, and to offer evidence to show that I'm wrong."

A reporter asked if that meant he intended to pardon Mooney.

"Don't you think you might draw that inference?" Olson replied.

Christ's New Commandment

HIGHLIGHTS ON THE SUNDAY SCHOOL LESSON

(The International Uniform Lesson on the above topic for Dec. 18 is Matthew 5: 43-48; 22: 34-40; Luke 10: 25-37; John 13: 34, 35; 15: 12-14; Galatians 5: 13, 14, the Golden Text being John 13: 34, "A new commandment, give I unto you, That ye love one another; as I have loved you, that ye also love one another.")

BY NEWMAN CAMPBELL

WE HAVE been studying the ten commandments. Today we have what Jesus called a new commandment. It is so important that if we keep it we have also kept all the other ten commandments.

The "new" commandment is, "that ye love one another." Don't you see that you couldn't steal, kill, be unfaithful, or do any of the other things that are forbidden in the ten commandments if you were just to love everyone?

Everyone should memorize Jesus' words when He said, "Ye have heard that it hath been said, Thou shalt love thy neighbor and hate thine enemy." (This was the old Jewish law.) "But I say unto you, Love your enemies, bless them that curse you, do good to them which despitefully use you, and persecute you."

"That ye may be the children of your Father which is in heaven: for He maketh His sun to rise on the evil and on the good, and sendeth rain on the just and on the unjust."

"For if ye love them which love you, what reward have ye? Do not even the publicans the same?"

"And if ye salute your brethren only, what do ye more than others? Do not even the publicans so?"

"Be ye therefore perfect, even as your Father in heaven is perfect. If we all lived up to that standard, even as far as we can, wouldn't the problems of the world be solved? We probably couldn't be perfect, but that is the ideal toward which to strive. Those people we couldn't love, we could at

least treat with kindness and try to understand the problems with which they are troubled and help when we could.

We could hold our anger when we are slighted or abused, knowing that nothing can really hurt us but our own wrong-doing.

Who is our neighbor? asked the rich young man of Jesus. And then He told the beautiful story of the man who fell among thieves and the Good Samaritan. Practically everyone knows this story, but it is like the fairy stories of our childhood, it can be told over and over.

"A certain man went down from Jerusalem to Jericho and fell among thieves, which stripped him of his raiment, and wounded him, and departed, leaving him half dead."

A priest came that way, you remember, and, seeing the wounded man, passed by on the other side of the street. Then a Levite came by and he, too, saw and passed by. But a certain Samaritan came along and dressed the man's wounds. Setting him on his beast, the Samaritan took him to the nearest inn where he paid for his care. When he left he told the innkeeper that if he spent more money he would pay him when he came that way again.

"Which now, of these three, thinkest thou was neighbor unto him who fell among thieves?" Jesus asked.

Of course the young man said the Samaritan was the most neighborly.

Then said Jesus unto him, "Go thou and do likewise."

That, then, is what is meant by being a Christian—not only believing, going to Sunday School and church, obeying the laws of the land and of good conduct, but being interested in all those with whom we come in contact, and in being a good neighbor to them, helping in every way we can. In the sad state of the world today, isn't that worth trying? Is there any better way to bring about "Peace on earth, goodwill to men?"

The Golden Text was: "Withhold not thou thy tender mercies from me, O Lord: let thy loving-kindness, and thy truth continually preserve me" (Ps. 40: 11). Other Bible citations included: "Thou shalt not be afraid for the terror by night; nor for the arrow that flieth by day; . . . Because thou hast made the Lord, which is my refuge, even the most High, thy habitation; There shall no evil befall thee, neither shall any plague come nigh thy dwelling. LUTHERAN CHURCH

Lutheran Church Services will be held next Sunday afternoon at 3 o'clock in Odd Fellows' Hall on Main Street, Placerville. Rev. Carl Fickenscher of Sacramento will conduct the service and on the basis of 1st John 1: 4, speak on the glory of the Christmas message. The public is invited to attend these services and also to tune in on the Lutheran radio hour heard in this area every Sunday at 1:30 p. m. from KJGM, Stockton, or KFCR, San Francisco.

In announcing these services Rev. Fickenscher said, "Probably never before within the memory of this generation was the Biblical Christmas message needed as now. God alone can help man from the troubles in which they find themselves today. He has already provided the help. Himself, born a Saviour in the city of David, came as the ambassador of heavenly love to drive out fear and hate. He came to save His people from their sins. He comes today in His Gospel to offer to everyone, young and old, the pardon and peace with God, the comfort and strength, the joy and hope which He by His lowly birth, His sinless life and His innocent death earned for us. These are God's own Christmas gifts to the world today, gifts which none can afford to miss, which God earnestly wants to give to everyone and which everyone can have, if he only will hear and believe the Gospel, the glorious message of Christmas."

NEW PORTABLE UNIT BAKES, BROILS, ROASTS, GRILLS

Cooking by portable electricity has come into its own with the advent of the new electric roaster. And what a luxurious gift, for what could be more perfect than the deliciousness added to all foods cooked by the application of this slow even heat?

Modern science has taken advantage of this well known fact and has given to the world the electric roaster, a portable oven which can be taken wherever needed.

This compact oven is designed to cook the whole dinner in one process and that with the economical application of but one unit of heat. Many people take these ovens with

The following program was given: Group of Songs by the Primary Department, "Sing a Song of Sixpence," with pantomime, "Where is My Little Dog Gone," "What Are Little Boys and Girls Made Of?" The fancy work, candy, coffee and doughnuts and fishpond booths were soon sold out after the program. Mrs. P. Boromini and Mrs. R. Fairbairn wish to thank all those who helped with their time and donations, and especially Mrs. Bayne of Placerville, for her generous donation of toys for the fishpond.

At the regular meeting of the Camino P. T. A. Friday afternoon regular business matters were transacted. Mrs. W. I. It was voted to serve hot lunches to the children during inclement weather. The P. T. A. is in receipt of the Christmas check from the I. E. U. which will be used for the Christmas celebration. The next P. T. A. card party will be given in the schoolhouse Thursday evening, December 22 at which time, many embroidered pillowcases and other fine prizes will be given. It was voted to send Christmas remembrances to sick members and to supply those children in the community with toys who otherwise would have to go without. The Christmas entertainment will be held in the school auditorium, Wednesday, December 21, at 1:30 p. m. and will conclude the school session before Christmas, and January 4 is set as the reopening date of school.

LOTUS

Over two hundred people gathered at the Community Hall in Coloma Saturday night. All the farm centers were represented and an elegant supper was served and a program and speakers were presented after the supper. Particular stress was laid on the fact that farmers must stick together and work for better prices and better markets. The Rescue 4-H Club orchestra furnished the music for dancing and a good time was had by all.

Our Mayor of Coloma and Archie Lawyer went over to Diamond Springs last Monday and enjoyed an elegant dinner with Will Rossi at his ranch.

Among those from here who went up to Georgetown Friday night and took in the card party were Henry Bacchi, Irma Lawyer, Clarence Tidd, and wife and Will Galleher.

Mrs. Lawyer, Clarence Tidd and wife drove up to Smiths Flat Saturday night and took in the card party given in that town.

The Boy Scout party held in I. O. O. F. in Placerville last Thursday night was well attended by whist players from here and Coloma, Henry Bacchi, Uncle Will Galleher, Aunt Ella Norris, Lottie Galleher, Florence Hines, Hector Williamson,

wife and son, Alvin, Mrs. D. M. Metcalf, Charles Metcalf, and Mrs. Irma Lawyer, only one of the group came home with a prize.

Harry Reaside and wife and Miss Helen Reaside drove down to Sacramento Monday on business and pleasure. They report driving in a very heavy fog all day.

Among those seen on our streets the past week were Mr. and Mrs. Frank Roy of Camino, Mr. and Mrs. Gus Snyder of Garden Valley, who Dr. W. A. Reckers and Dr. D. W. Babcock who were callers at the Fenske home; Adolph Martin of Placerville, Mr. and Mrs. Salzman of the bay district, Mr. and Mrs. W. E. Bowman of the Arrow-B ranch, who visited at the Reaside home; Al McKenney and wife of Sacramento were here Sunday; Alonzo Snyder, who was formerly a clerk in our Red & White store here, and his lady friend, both of Stockton.

Joe Frazier, manager of the Forest Service Trail Crew above Georgetown was in our town the past week driving a new Studebaker sedan, and with him was his lady friend of Lotus, guess who.

Mrs. Irma Lawyer was in Placerville and Georgetown Monday attending to important business matters.

Our town the past week has been very foggy every day up to noon when the sun came out. The afternoons have been pleasant but very cold.

Large preparations are under way for the Christmas tree and entertainment to be given by the Coloma, Gold Hill and Lotus schools Friday evening, December 23rd at the Community Hall. A large crowd is expected to attend.

Something attractive and well worth looking at is a village Christmas tree at the Lotus Oaks resort. This tree was given to Mrs. Ethel Lawyer Tidd by the Forest Service and Mrs. Tidd has it very nicely decorated with keep-sakes and other things that she had had since she was a year old. When lighted up at night it surely is a beauty. Call and see it for yourself.

Kenneth McCoy, county school superintendent-elect, who will take his office the first of the year, was awarded the silk quilt by the Coloma Lodge of Rebekahs last Tuesday night. This quilt was made by Mrs. Dorothy Metcalf in Coloma. Mrs. Lottie Galleher furnished the materials, and Mrs. Irma Lawyer and other ladies assisted in the project.

PINO GRANDE

This Friday evening, December 16th, will probably bring the wind up of operations and repairs for the year 1938. It's been a good year, with few accidents and no serious ones. Although the mill here did not start until late, May 9th, the cut was quite large, twenty-seven three-quarter million feet in fact. Just a few thousand feet short of the 1937 cut and with a longer running season. The reason for the big cut is probably that the timber coming in from Camp 14 has been unusually fine with a large part being sugar pine.

Robert Zeisz drove to Placerville with Otho Justis on last Tuesday. After attending to business he returned with Otho that evening.

M. Nyberg came into camp last Friday on the "track auto." This seems to be an automobile mounted on railroad car wheels. It is operated much as any automobile. It looks like a truck with a front seat and a truck body and is able to carry and transport quite a load of freight.

Mr. and Mrs. Saylor and Robert were business visitors in Sacramento on Tuesday.

The correspondent is very sorry to report that in the notes on Mr. and Mrs. Jones thirtieth anniversary party, we forgot to say that the group of invited guests presented their host and hostess with a lovely overstuffed chair, upholstered in rust tapestry.

The few families left in camp are very busy getting packed in preparation to move out on Saturday morning. It's very cold and windy as well as cloudy outside and as this letter goes to press everyone is wishing for clear weather until after they are moved out. Most of last winter Pino had about fifty people snow bound. This year there seems to be a few less people staying in.

The McCarrolls, who stayed last winter plant to winter at their new cottage on Niger Hill near Placerville.

The Philips family this year are looking forward to going to Los Angeles shortly after Christmas, if they don't get snowed in before that.

The Harrisons expect to winter at Mosquito with Mr. George Johns. Mr. and Mrs. Reginald Darr, who moved into the Crawford house sometime ago are planning on wintering in Pino Grande.

Mr. Leroy Thomas is in camp this week packing in preparation to move to Camino, where they are building a new home.

The Carricks, who spent the last two winters in Pino, are contemplating a visit this winter with Mrs. Carrick's family in Washington. They probably will return to camp in a few weeks, if they don't get snowed out.

The Saylor family is looking forward to passing the winter months at Casper, Calif. with Mrs. Saylor's mother.

The Dixons will be at home in Camino, and the Onetties on Saturday will move to their ranch above Placerville.

Among those who expect to "stay in" are Mr. and Mrs. Sheldon Parker, Mr. and Mrs. Dewey Wilhite, Mr. and Mrs. Charles Jones, Mr. and Mrs. Passerani and John, Mr. and Mrs. Pinafor and family, Mr. and Mrs. Brooks, Mason and family, Vic Darr and Mr. and Mrs. Lew Soderberg.

Robert Zeisz received word early this Tuesday morning of the death of his daughter Helen, at a San Francisco hospital. The sympathy of the community goes out to the sorrowing family.

Immigrants will be at home in Placerville and Hamleters at Camino. And so, I guess this winds up the news column from Pino Grande this year. May your Christmas be merry and the year 1939 filled to overflowing with all good things for each and every one of you and yes, I do mean you and every one of you.

SALMON FALLS

Alex Gillespie spent the weekend with relatives in Coloma. His grandson, James Gillespie, returned with him and is attending school here.

Beverly Mund is making her home with her grandmother, Mrs. Maude Mund, and attending the Salmon Falls school.

Mr. and Mrs. Harry Warren, of Colma, were recent guests at the William Miller home.

Mrs. Gus Kyburz attended the funeral of her cousin, Arthur E. Miller, in Sacramento last Thursday. Mr. Miller was a prominent Sacramento attorney.

Melvin Joslin, and Mr. and Mrs. Charles Gillespie were callers here Monday from Sacramento.

Mel Kyburz is visiting at the home of his sister, Mrs. David Van Leinen.

With the approach of the Christmas season—there are still shopping days before Xmas—, radio programs should begin to get out of the rut and faithful tuner-inners may be rewarded with tid-bits to be appreciated and remembered.

If you love a parade, remember the Army band at 5:30, KPO.

Another radio theater, KSFO at six, and a plantation party, KGO, same time; Paul Martin, KPO, at 6:30.

Culture will be elevated on KGO at seven o'clock when Tommy Farr

and Lou Nova meet in the ring, and at the same hour you can get Guy Lombardo, KPO. Jimmy Fidler, same station at 7:45 if you care.

Amos and Andy start us out at 8 o'clock on KPO and then there's the KSFO offering at 8:15, with Lum and Abner followed by Burns and Allen.

Nine o'clock, another radio play, KSFO, and a circus, KPO.

If you're interested, the shortest half-hour in radio is a KPO attraction at nine o'clock Saturday night.

CIRCUS PICTURE TOPS SUNDAY FARE AT EMPIRE

Warner Baxter's new romantic comedy, "I'll Give a Million," which opens a two-day engagement Sunday at the Empire Theater, is a circus picture about a millionaire who leaves his wealth to become a tramp!

The star, in this role, meets Marjorie Weaver, of the circus, and the romance which follows is said to give Miss Weaver the best role of her meteoric career.

Saturday's two-feature program will bring Laurel & Hardy in "Block heads," and Bob Steele, the western ace, in "The Peud Maker."

If you enclose the letter in your package you will have to pay first-class rates on the whole package. That is costly.

But if you attach the letter to the outside of the parcel you will only have to pay first class rates on the letter.

The package will go second, third or fourth class, depending on the contents.

Sports Parade

By HENRY McLEMORE

LOS ANGELES, (UP)—This is an interview with Howard Jones, head coach of Southern California football, and I wager you know that it is likely to be very brief. Because Mr. Jones is brief. He undoubtedly has his thoughts on the Rose Bowl game with Duke, but he keeps them to himself. I doubt if even Edger Bergen could make Mr. Jones talk very much.

I spent two hours with Mr. Jones a day or two ago, determined to wrest from him what he thinks of his football team, how he would compare it with his strong teams of the past, and what he thinks it will do with Duke in the Pasadena Fiesta on January 2.

The two hours were not entirely fruitless. Probably because he wanted to get rid of me and my questions. Mr. Jones finally got what is downright gabby for him and spoke as many as two sentences at a time before lapsing into silence.

He rates his 1932 team, which kicked Pittsburgh in the Rose Bowl, Southern California ever fielded. That was the club with Stirling and Palmer at the ends, Smith and Brown, tackles, Rosenberg and Stevens, guards; Youell, center, and McNeish, Mohler, Clemens, and Griffith, backs.

But as powerful a club as that was, Jones isn't sure it could have licked the one that thumped Notre Dame two Saturdays ago.

"It was a great first team," he said, "but I didn't have nearly so many reserves as I have today. My present second team has a better record than the regulars."

Being a fact fanatic, as all my readers know, I checked on this statement and found it to be true. Of the 25 touchdowns the Trojans have scored this year, 15 of them have been scored by the second stringers. It was the second team that ruined Notre Dame the boys who did the dirty work were Al Krueger, Oliver Day, Mickey Anderson, Jack Banta and others who weren't in when the game started. Krueger, Anderson, Day and Banta have each scored three touchdowns this season.

Bill Spaulding, whose U. C. L. A. took a terrible kicking from the Trojans this year, was present when I was probing Jones for information about his team, and volunteered that the Trojans of this year were the best Jones had ever coached.

"They're faster than the 1932 team," he said, "and they're capable of lifting themselves to greater heights. The team six years ago knew it was good and took everything in stride. Never got excited, never got worked up. Howard's boys this year—and he must have fifty red hot ones, because I saw that many when they were kicking us all over the place—got fired up and there is no stopping them."

"The team this year is a better passing bunch, too," said Jones, much to my surprise. "I never saw Davey O'Brien pass, but no one will ever convince me he ever threw a ball better than Granny Landis did against California. Daya can pass, too. So can Anderson."

I asked Spaulding to name the weakness of the Trojan team that will meet Duke.

"Hasn't any," he answered. "It has passers and glue-fingered ends. It has power to burn. And it is so strong defensively that it can get in a hole without worrying. It has army, and it is plenty smart." I asked Jones how he thought the team would fare in the Rose Bowl.

"We never lost a Bowl game," he answered. And they left me at this point. Jones to work with his team for the Rose Bowl. Spaulding to work with the Uclans, who leave on Friday for a game in Hawaii.

Auto Accessories Make Fine Presents

Santa Claus should be able to make his annual delivery trip in the utmost of ease if Mrs. Santa Claus takes a tip from the great number of auto accessories that are being stuffed into the old gentleman's bag for delivery on Christmas Eve.

Since motorists seldom equip their car as completely as they would like to have it outfitted, it is no task at all, after observing the friend's car, to choose something that would increase the comfort or enjoyment of motoring.

Even if it is one of the latest model cars, there is a most suitable accessory gift for it.

Douglas Corrigan Wrong Again

SACRAMENTO.—Douglas Corrigan, wrong-way flier, is wrong again.

In a book he assertedly wrote himself (he fired a ghost writer to save expenses, according to Hollywood), and which came out this week, Corrigan claims gold was discovered at Sutter's Fort.

The next-to-the-last paragraph of the book, "That's My Story," which recounts Corrigan's tour of the United States, tells of his Sacramento visit as follows:

"The next day, I went to Sacramento, and in the afternoon, after the parade, the chamber of com-

merce man took me to Sutter's Fort, where they first discovered gold and then out to the new army air repair depot."

Coloma, 60 miles from Sacramento, is where James Marshall picked up the first nugget.

WOOL NESTS

SYDNEY, Australia, (UP)—W. H. Farnborough, an aged man who stands daily in Hyde Park and watches the sparrows, has decided to increase their standard of living. He has donated a supply of cotton wool with which the sparrows are now building warmer winter nests.
